## To the Public.

*The accompanying pages, comprising 1160 Racing Colors, we take pleasure in offering to the American public, as a revised, enlarged and improved compilation from the list which appeared in our "Official Annual Turf Guide."*

*We present this work, gotten up in an ENTIRELY DIFFERENT manner from the old stereotyped methods, and think we can lay claim to being the first to give to the public a work of this nature, compiled in the manner herewith presented.*

*The novelty of our system consists in having a "List of Colors," numbered and arranged in alphabetical order, with owners names*

appended. In addition there is an Index in the form of an alphabetized "List of Owners," also having numbers attached to their names, corresponding with the figures in the "List of Colors."

The utility of this arrangement is obvious, as it enables one to determine, at a glance, whether a certain set of colors is already in use, whether one or more persons are using the same set, or what the colors are of any one individual.

By this means, not only is the old method of wading through many hundred names avoided, but a great deal of labor, and frequently valuable time, saved.

We believe, therefore, the public will duly appreciate our labors in the issuing of the present work.
